

GET SOME AIR

The Maritime cities of Halifax, Moncton, Saint John, Fredericton and Sydney represent a collective population of around 1 million people. These people come from a wide variety of traditions and backgrounds, but all share a familiar closeness with the sea.

Our assets are spread throughout this scenic and refined part of the country. We are proud to have a longstanding partnership with the city of Halifax to provide transit shelter advertising to not just Halifax, but also across the bridge in Dartmouth, Bedford and Sackville. If you want to go further east, OUTFRONT billboards can be found in Charlottetown, PEI, and even St. John's, NL.

So if you're looking to give your brand a bit of fresh ocean air, we have just the place.

JUST THE FACTS
